PROFILE

I am J. Daniel from Singopermal Koval, currently pursuing my final year of BCA at Peri College of Arts and Science. I have a good understanding of basic programming concepts and possess skills in Python, C++, Java, HTML, PHP, and Data Structures. I am also familiar with Oracle, MySQL, and DBMS. My hobbies include exploring technology, My strengths are being a quick learner, having strong problem-solving skills, good communication, and the ability to adapt to new technologies. However, I am still gaining real-world project experience, sometimes tend to overthink, and I am working on improving my time management skills.

CERTIFICATE

- Completed the "Object Oriented Programming using Python" course from Infosys Springboard on October 1, 2024, gaining practical skills in OOP concepts like classes, objects, and inheritance using Python.

- Completed the "Basics of Python" course from Infosys Springboard on August 14, 2024, building a strong foundation in Python programming, including syntax, data types, control structures, and basic problem-solving techniques.
