EDUCATION

Bachelor of Computer Application (BCA)

Peri College of Arts and Science

2023 – 2026

LANGUAGES

- Python
- Java
- PHP
- R Programming

DATABASES & TOOLS

- SQL (MySQL / PostgreSQL)
- Core DBMS Concepts (Normalization, ACID Properties)
- Query Optimization
- Connection Pooling
- CRUD Operations & Parameterized Queries

TOOLS & PLATFORMS

- Git & GitHub (Version Control)
- VS Code
- Command Line / PowerShell
- Exception Handling

SPOKEN LANGUAGES

- English
- Tamil

INTERESTS

- IT Consulting
- Data Analytics
- Emerging Technologies
- Database Management

PROFILE

BCA graduate from Peri College of Arts and Science with hands-on expertise in Python, Java, and web technologies (HTML/PHP). Enthusiastic about exploring new technologies, with strong problem-solving and communication skills. Focused on applying programming knowledge to real-world projects and eager to begin a career in the IT industry.

PROJECTS

- **Student Management System** *(Python, MySQL, Git, GitHub):* CLI-based app with full CRUD operations, parameterized SQL queries to prevent injection, robust exception handling, and version control via Git/GitHub.
- **ServiceNow Catalog Item – Laptop Procurement Automation:** Built a custom Catalog Item to streamline laptop procurement, configuring Variables, UI Policies, and Client Scripts for accurate, user-friendly requests. Designed an automated approval workflow with Flow Designer and used Dashboards and Notifications for real-time status tracking.
- **Digital Portfolio Website (Edunet Foundation Program):** Developed a responsive personal portfolio using HTML, CSS, and JavaScript. Managed source control on GitHub and deployed the site on a cloud platform, demonstrating front-end development and modern hosting workflows.
- **Salesforce Agentforce – Autonomous Service Agents:** Designed and configured autonomous Service and Employee Agents to automate customer and internal support tasks, integrating NLP for efficient task execution. Applied Agentblazer methodologies to build scalable, AI-driven solutions on the Salesforce platform.

CERTIFICATIONS & WORKSHOPS

- **Python FullStack Developer (Gen AI)** — Pantech Solutions, in association with Peri College of Arts and Science (Feb 2026)
- **Full Stack Development – Java with Angular** — One-day workshop by TVK Technologies, Chennai (Aug 2025)
- **Code to Cognition: Data Analytics** — 5-day workshop by Approtech R&D Solutions Pvt. Ltd. (Mar 2026)
- **International Conference on Cloud Computing & Data Science (ICCCDS)** — Peri College of Arts and Science (Oct 2025)
- **Cyber Security: Awareness to Action** — National-level workshop, B.S. Abdur Rahman Crescent Institute of Science & Technology (Sept 2025)

ADDITIONAL EXPERIENCE

- **Technical Hardware & Troubleshooting:** Freelance computer and mobile hardware/software servicing.
- **Practical Engineering / Electrical Maintenance:** Undertaking part-time electrical works and electrical fault-finding.
